Description:

On November 13, 1974, police received a report of a homicide at 112 Ocean Avenue in the Village of Amityville, New York, a sleepy seaside community located on Long Islands South Shore. Once there, the police discovered six members of the DeFeo family -- father, mother and four of their five children -- shot and killed execution style. The surviving son, Ronald "Butch" DeFeo Jr., was eventually charged and tried for the murder of his family and now is serving six concurrent life sentences. Some said a strong supernatural force in the DeFeo home drove Butch DeFeo to kill his family, while others claimed Butch DeFeo killed to receive an inheritance. The Night the DeFeos Died offers the true story behind this tragedy and exposes Butch DeFeo did not act alone in the commission of this crime. It also shows that the supernatural stories created about the famed

Amityville house were nothing, but a ruse concocted for Butch DeFeos defense that later grew into a cottage industry. The whole truth regarding the story has never been revealed, until the publication of Ric Osuna's book. From mob involvement to a corrupt judicial system, *The Night the DeFeos Died* reveals the full details of the DeFeo murders, including how they were a culmination of substance abuse and domestic violence.

I got this book just as I had finished *High Hopes*, the prosecutions true crime novel. I read this cover to cover in two days. It was an interesting read, HOWEVER, a lot of the story was word for word story telling from the other novel. I do respect and believe that the author is writing what he believes (after his own research) what may have actually happened to the DeFeos. But the fact that he presents a woman who not only claims to have been married to Butch DeFeo, but had a CHILD by him...is a bit unbelievable. The woman claims that Butch was a loving, caring, gentle man who helped her raise her other two daughters. Im thinking, is this the same man? The mass murderer? W@W.....and why is this wife not in any other stories? I just had trouble wrapping my mind around the concept. I do believe that this family had some very twisted turmoil, as the author also presents. Overall an interesting read.....definitely glad I read the prosecutions book first, as it seemed to be more factual because it dealt with the investigation and prosecution of Butch DeFeo. This book was more in the vein of.....it MAY have happened this way.

The Night the DeFeos Died in Literature and Fiction pdf books

The Night the DeFeos Died

Died The DeFeos Night the It was a bit difficult to DeFeos due to the sheer amount of characters in this story, but being able to reference the list at the beginning did help some.
